ABOUT THE HUNDRED COMMUNITY

The HundrED community is a movement of educators from around the world. We believe change only comes from like-minded people working together towards a common goal. That's why we're continuing to build a global community of education innovators and passionate education stakeholders to collaborate and learn from each other to improve education in every corner of the world. The HundrED community comprises innovators, ambassadors, youth ambassadors and our academy from over 90 countries and growing.

INTRODUCING HUNDRED YOUTH AMBASSADORS

HundrED Youth Ambassadors is an active community of students from around the world who are passionate about education’s potential and want to be a part of its change together.

This one year program is a leadership opportunity for young people designed to promote youth engagement and participation, increase cross-cultural communication, and support youth initiative. Youth Ambassadors connect with their peers from around the world learning about global education trends, inspiring impactful innovations, and try their hand at innovating by leading their own SDG-aligned project.

WHAT YOU WILL BE DOING

As a Youth Ambassador, you are expected to:

- **Participate in Global Calls:** On the third Sunday of every month, our Youth Ambassadors have group calls where they:
  - Explore a trending theme in education, discuss critical questions and share their opinions
  - Connect with HundrED Innovators who can help answer their questions about education and provide inspiration for their own SDG Projects.
  - Raise questions or initiate projects that they are passionate about through a shared Slack Workspace.

- **Share your Voice:** Youth ambassadors are invited to share their voice with a global audience through a variety of media formats, ranging from quarterly essays, social media campaigns, and reviewing innovations as part of HundrED Youth Academy or Advisory Board.

- **Create your own Education Innovation Project:** All HundrED Youth Ambassadors work on creating their own education-innovation project, individually or in a group, and are matched with a mentor from the HundrED Innovator network.
